MUNCHKIN

STARFINDER

THE SWARM

In the *Starfinder Roleplaying Game*, the Swarm is a threat lurking in the periphery, an alien race that nearly destroyed the Pact Worlds and could very well come back for another attempt. Even with their erstwhile allies, the shirren, switching sides, victory is by no means assured.

In *Munchkin Starfinder*, the Swarm is a new kind of “stacking” monster – you can add a Swarm monster to any fight that already has another Swarm monster in it, just as with Undead in many other *Munchkin* games. And because we know how much *Munchkin* players love their monsters, here are a lot more Swarm monsters to liven up your games. Good luck!
