

MUNCHKIN[®] DRUIDS

Most munchkins see nature as background scenery to their monster slaying. Truly wise munchkins see it for the power it is and seize it with their own two paws! This set introduces the mighty **Druid** to *Munchkin*!

Ride the fearsome **Walking Stick** into battle while wearing your **Never-Been-Washed Robes** and wielding the infamous **Celery Sticker**. Keep an eye on the flora, though, as the **Creeping Ivy** and the **Strangling Vines** might be **Moss-Covered** to blend in with the background, ready to spring at any moment.

The Care and Feeding of Plant Monsters

You'll find quite a few references to plant monsters in this expansion. But you won't find any monsters labeled with the word 'plant' like you will 'undead' or 'dragon'; instead, this refers to any monster whose name or image would lead you to believe that they are indeed a plant. Disagreements are to be settled in the old-fashioned munchkin way.
