

MUNCHKIN HOLIDAY SURPRISE™

Santa Munchkin has heard your pleas! We've bundled all our *Munchkin* Christmas presents into a single package . . . with a few extras! *Munchkin Holiday Surprise* includes all the cards from *Waiting for Santa*, *Santa's Revenge*, *Reindeer Games*, and *Naughty & Nice*. It also includes several cards previously available only as promotional giveaways, and four *new* cards designed just for this set! And, of course, you've already seen our *Munchkin Christmas Kill-O-Meter* . . .

This expansion can be used with just the *Munchkin* core set, or with as many expansions as you like. However, the more cards you use, the more you dilute the special interactions in this set (especially the Santa monsters). If you want to improve your chances of seeing the special cards from this expansion, you can leave them out of each deck while you shuffle the rest of the cards. When you are done, take the top half (give or take) of the Door deck, shuffle the *Holiday Surprise* Door cards into that stack, and replace it on top of the Door deck. Do the same with the Treasure cards.

Santa, Santa Everywhere

All the monsters in this set are "Santa" monsters. Whenever a Santa monster is in a combat, any player may play another Santa monster to help it without using a **Wandering Monster** card.

If you own *Unnatural Axe*, then **Santa** from that set is also a Santa monster (duh). You can pull **Santa** out of your *Unnatural Axe* set and add him to this one if you want (we think you should), whether or not you use the rest of *Unnatural Axe*.

Naughty and Nice

These Door cards work like Classes or Races. You may play them at any time, and you may discard them whenever you want. However, cards that affect Classes or Races do not affect **Naughty and Nice**. Otherwise, follow the rules on the card. Yes, you *can* be Naughty and Nice at the same time – you're a munchkin, after all!

More Munchkin!

Munchkin comes in lots of flavors! You can get classic fantasy, sci-fi, silly horror, superheroes, pirates, cowboys, kung-fu, spies, and zombies . . . and they're all compatible!
