

MUNCHKIN[®] PONY EXCESS[™]

A stampede of new cards is coming to *Munchkin*! *Munchkin: Pony Excess* introduces 56 new horse-themed cards to your game. In addition to the new equine monsters, Curses, and Items, you'll find a herd of new Steeds.

STEEDS

Dear to a munchkin's heart is their mighty Steed. Because, of course, it gives bonuses. Steeds are generally found in the Door deck. No player can have more than one Steed except by using a **Cheat!** card. Steeds are Items, and follow normal Item rules. Anything that affects an Item can affect a Steed. Steeds carry themselves. A Steed is "Big," but it does not count against the number of Big items you can carry. The "Big" designation on Steeds is to control what Traps and Curses affect them, and to keep Thieves from pocketing them and walking off.

Treating Steeds as Monsters

A player who draws a face-up Steed may choose to treat it as a monster instead. In that case, its Level is equal to twice the combat bonus at the top of the card, and defeating it is good for one Treasure and one level. Monster Enhancers may be played on Steeds being fought as monsters, and have their normal effects. The Bad Stuff for any Steed attacked as a monster is "Lose a level."
